3 Britain's ODNRI to be an agency

RESEARCH PAPERS

5 The effect of antioxidant and mould inhibitor on feed quality and the performance of broilers under tropical conditions
C. H. Van den Berghe, P. O. Ahouangninou and E. K. Deka

15 Inhibition of mycelial growth and sclerotium formation in *Rhizoctonia solani* Kuhn and *Sclerotina sclerotiorum* (Lib) de Bary by asafoetida
S. N. P. Chaurasia and D. Ram

21 The occurrence of moulds and aflatoxin B1 in Vietnamese feeds
J. Bláha, J. Tamchynová and H. Reisnerová

33 Aflatoxin production by *Aspergillus flavus* strains isolated from Vietnamese feeds
J. Bláha and J. Lohnisky

41 Traditional post-harvest technology of cassava in Uganda
M. A. Ameny

51 The physico-chemical properties of starches from some Nigerian cultivars of white yam, (*Dioscorea rotundata*, Poir)
O. O. P. Faboya and A. A. Asagbra

59 Chemical composition of yam beans (*Sphenostylis stenocarpa*)
D. O. Edem, C. I. Amugo and O. U. Eka

65 Preliminary studies on the production and quality evaluation of a dry yam snack
J. C. Okaka and B. Anajekwu

73 Weight loss of tangerines as affected by peel thickness
S. Ketsa

77 The drying behaviour of cured, oriental tobaccos
A. N. M. Amin and E. Abdul-Rassul

REVIEW

85 Advice to farmers on conservation of grains after harvest: the demand for extension training and proposals for extension programmes for small-scale farmers
D. P. Giga and J. Biscoe

DEVELOPMENT REPORT

95 Termite damage to date palms (*Phoenix dactylifera* L.) in the Northern Sudan with particular reference to the Dongola District
J. W. M. Logan and A. El Bakri

Number 2

RESEARCH PAPERS

109 Development of standard methods for the production of Lebanese whole milk and filled milk soft white cheese
H. A Dib, A. Morris and P. Warren

121 Extraction and refining of oil obtained from dried avocado fruit using a small expeller
K. H. Southwell, R. V. Harris and A. A. Swetman

133 Influence of sodium chloride salinity on peptidase activities and the status of total amino acids in germinating rice seeds of differing salt tolerance
R. S. Dubey and Manju Rani

147 Milling performance of rice varieties under different moisture absorption environments
F. Cuevas-Perez and S. T. Peske

153 Observations on the ecology of *Teretriosoma nigrescens* Lewis (Col.: Histeridae) and its prey *Prostephanus truncatus* (Horn) (Col.: Bostrichidae) in Yucatan peninsula, Mexico
D. P. Rees, R. Rodriguez Rivera and F. J. Herrera Rodriguez

167 Pulping characteristics of five low density wood species grown in Belize
A. E. Chittenden and E. R. Palmer

179 Nicotine content of flue tobacco (*Nicotiana tabacum* L) at different stages of growth
P. P. Mumba and H. L. Banda

REVIEW

185 The fumigation of dried fish
R. Friendship

DEVELOPMENT REPORT

195 Training extension workers in food conservation using drama and other informal techniques
P. Golob and S. E. Eisendrath

SHORT COMMUNICATIONS

207 Chemical composition of the seeds of the timber tree, *Mimusops djave*, from south eastern Nigeria
J. O. Offem

211 Effect of polyvinyl chloride (PVC) coating on sunhemp fibre
N. Chand and S. Verma

214 Surface and structural studies of ammonium sulphate-coated sunhemp fibre
S. Verma and N. Chand

Number 3

RESEARCH PAPERS

217 Air convection currents in metal silos storing maize grain
M. C. Gough, C. B. S. Uiso and C. J. Stigter

223 Pyrolysis and combustion characteristics of sawdust, rice husks, groundnut shells and coir dust using gas chromatography
Rama Krishnan

229 Salinity-induced accumulation of polyamines in germinating rice seeds differing in salt tolerance
Sadhana Katiyar and R. S. Dubey

241 Benefits of post-harvest applications of a biocide (thiabendazole) and coatings on the storage of 'Minneola' tangelos
D. Chun, W. R. Miller and L. A. Risse

249 Preservation of African star apple fruits (*Chrysophyllum albidum*) by osmotic dehydration
A. A. Adesina and J. O. Aina

255 Chemical composition of some important varieties of egg plant (*Solanum melongena* L.)
K. L. Bajaj, B. D. Kansal, M. L. Chadha and P. P. Kaur

263 Pulping characteristics of reafforestation species grown in the Solomon Islands
E. R. Palmer, J. A. Gibbs, S. Ganguli, A. P. Dutta, D. N. Poa and G. E. Chaplin

271 The pulping characteristics of *Eucalyptus* species grown in Malawi
E. R. Palmer, J. A. Gibbs, S. Ganguli and A. P. Dutta

281 Soda-anthraquinone pulping of *Pinus radiata* from Sudan
P. Khristova, S. Gabir and O. Taha

289 Bleached pulp characteristics of some Ghanaian wood species
K. A. Twimasi

299 The effects of pruning and altitude on the fatty acid composition of tea (*Camellia sinensis* (L.)) shoots
P. O. Owuor, R. M. Munavu and J. W. Muritu

REVIEW

307 Advances in the improvement of tea quality through chemical and biochemical research in Kenya
P. O. Owuor

SHORT COMMUNICATION

321 The potential of the shrub *Calotropis procera* (Asclepiadaceae) as an alternative fuel source for processing fish at Lake Chad in Nigeria: preliminary observations and indication of areas for further research
A. E. Neiland and I. Verinumbe

Number 4

RESEARCH PAPERS

324 Ammonia and dietary cottonseed meal-associated brown yolk discolouration in hens' eggs
S. Panigrahi

343 Time-temperature tolerance of frozen shrimp: 2. Biochemical and microbiological changes during storage of frozen, glazed shrimps
M. Riaz and R. B. Qadri

357 Differences between some strains of stored-grain beetles in their capacity to cause grain damage: possible implications for the management of pesticide resistance
J. A. McFarlane, Christine Sherman and A. K. Walker

373 Effect of light irradiation on wound 'curing' in white yam (*Dioscorea rotundata* Poir) tubers
O. Mozie and N. N. Okoro

379 Biochemical changes in the development of alcoholic fermented products from taro [*Colocasia esculenta* (L.) Schott]
Tiande Cai and Wai-kit Nip

391 Varietal variations in some important chemical constituents of onion (*Allium cepa* L.)
K. L. Bajaj, G. Kaur and M. L. Chadha

REVIEWS

397 *Alternaria* mycotoxins—possible contaminants of new sorghum varieties?
K. Jewers (retired) and A. E. John

411 Fruit ripening with calcium carbide
O. Sy and H. Wainwright

SHORT COMMUNICATION

421 Chemical composition of date pits
A. Nussinovitch

425 Post-Harvest Bookshelf

429 Author Index

430 Subject Index
